INSTALLATION - Install the ceiling hooks in the overhead support. The hooks should be approximately 5 feet apart. The supports can be ceiling joists, a sturdy limb, or a beam installed for the swing. A ready made stand is available, please inquire. If the ceiling joists are not exposed, locate one using a stud finder. They are usually 16 to 25 inches apart. Once you find a suitable support, drill a 3/16" starter hole to screw the ceiling hooks into and tighten until the shank is no longer visible. Do not adjust the chains as they are properly connected and able to withstand approximately 500 lbs. of weight. We have replacement chain sets available for sale if needed.

MAINTENANCE - To clean rope use soap, detergent or a mild bleach solution. Use a soft bristled scrub brush to work on any stains. Be sure to rinse the ropes thoroughly after cleaning.

WARRANTY & RETURNS - Our Coastal Collection products are guaranteed to be free of defects in both workmanship and material. The Durawood Frame is backed by a limited lifetime warranty. In the unlikely event that any splintering, rotting, cracking, peeling, or chipping should ever occur on The Hammock Source will supply replacement parts, at no charge to you. This does not include negligence, improper use, animal damage or damage caused by natural disasters. Our Duracord Rope components are guaranteed free of defects in workmanship and materials for up to one year from the date of purchase. Prolonged exposure of the rope components to weather conditions including snow, rain, and humidity are not covered under the warranty, nor is damage caused by normal wear, mildew, or improper care, including storage, maintenance, and assembly. When using around fire, keep furniture at a minimum distance of 30 inches from the heat source. Prevent prolonged exposure to chlorinated water. Note that an original sales receipt must accompany any returned product, along with a Return Authorization Number from The Pawley's Island Hammocks customer service; call 252-295-0407.

Thoroughly inspect product before each use. Periodically check bolts after assembly and re-tighten when necessary.
